<b>Your comments:</b>	<p><b>OBJECT</b></p> <p>This is a rural peaceful area and we do not want this to go ahead. This company have already shown that they cannot be trusted when it comes to keeping the environment safe by having 19 breaches of an environment agency permit which needed enforcement action to be taken. They clearly not care to have behaved in such a manner so should not be granted permission for this reason alone!</p> <p>The effects of the increased traffic, light pollution and noise pollution will be too much for this area to cope with and I feel will have detrimental effects for years to come.</p>
