

Written Objection Form

Re: Planning Application Reference 21/02464/STFUL

For Rathlin Energy to construct an extension to West Newton A wellsite...

Name: R. Pearce [anonymous comments are not counted]

Address: 135 PADSTON HOUSE HULL

I am: ☒ a member of the public ☐ a business / an organisation

I OBJECT to the development on the grounds of: (Tick all that apply)

☐ Noise ☒ Light ☒ Vibrations ☒ Visual impact because:

.....

.....

☐ Odours because:

.....

.....

☒ Loss of farmland / ecological habitat because:

.....

.....

☒ Large increase in traffic ☐ Road safety ☐ Air pollution because:

.....

.....

☒ Climate change because:

.....

.....

☒ the nature of the proposal is inappropriate because:

.....

.....

.....

..... (use extra pages as needed)

Quick Guide to Objecting

Full Guidance & Contact: fossilfreeeastyorkshire.org

Comments submitted anonymously or considered to contain libellous, discriminatory, defamatory or offensive remarks will not be counted.

Be factual. Stick to matters relevant to the application, known as Material Considerations. For more details, see the full guidance (see above).

If you are able to submit your objection online, please do so – it makes it easier to process and count your comment.

You may use the form overleaf if you find it easier.

A letter in your own words may carry more weight, but **the most important thing is that you do object** – even just the word “Object”.

To submit Your Comment Online

Follow the link in the Full Guidance (see box above) or go to:

newplanningaccess.eastriding.gov.uk

To submit your comment in writing

You must include the application reference 21/02464/STFUL, and your details.

Examples

- I object on grounds of: increased traffic because I use xxx Road on foot / bike / car to go to ... and the large increase in HGVs would be dangerous as there is not enough room to pass safely ...
- ... we live near the traffic route, my child has asthma, and air pollution...
- ... the nature of the proposal because farmland is more valuable ...
- ... climate change because ... incompatible with targets; we won't need the oil because ...; all gas will be flared off and this is wasteful and inefficient, so incompatible with the Joint Minerals Plan ...

How can I Help?

To offer to help with delivering leaflets, donate towards expert reviews of the application, or help in any other way, please visit the website: fossilfreeeastyorkshire.org
